2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

The purpose of the School Accountability Report Card is to provide parents with information about Akers School's instructional programs, academic achievement, materials and facilities, and staff.

Parents and community play a very important role in our school. Understanding our educational program, student achievement, and curriculum development can assist both our school and the community in ongoing program improvement.

Akers School has a history of successful academic achievement and we will continue to strive to be the best. We have made a commitment to provide the best educational program possible for our students. The excellent quality of our program is a reflection of our highly committed staff. We are dedicated to ensuring that our school provides a welcoming, challenging environment where students are actively involved in learning academics, as well as, positive values. Our teachers, students, parents, staff, and community members are all an integral part of our school's success and by continuing to work together our students will be challenged to reach their maximum potential.

Mission Statement

The faculty and staff at Akers School believe that education is a cooperative effort among home, school, and community. Our goal is to prepare students to become responsible citizens and productive members of society. We believe all children are capable of learning. Akers children will be provided with an environment that is safe, caring, friendly, and educationally inspiring. Our school climate will encourage openness, trust, self-esteem, self-motivation, respect for self and respect for others. It will help children achieve social-emotional, academic, and physical excellence and allow all students the opportunity to succeed.

School Profile

Admiral Akers School is nestled within the Lemoore Naval Air Station and was built in 1963 to service the children of military families. The school acknowledges the importance of a student's academic success and appreciates the importance of a student's social and mental well-being. Teachers, administrators, and staff are all dedicated to providing a warm and challenging learning experience for the children. The diversified population enables the school to embrace many different cultures and strive to create an environment that embraces all. Consistent with Central Union School District's philosophies, "while some would define having a highly diverse population as an obstacle, Akers School thrives on this multiplicity and encourages each student's unique abilities." Akers School is designated as a 2023 California Purple Star School for providing

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	0	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The state aligns textbooks, frameworks, and instructional materials to meet the California State Standards. Instructional materials for grades K-8 are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The District follows the State Board of Education's adoption cycle for core content materials. District textbook review and adoption activities occur the year following the state's adoption. The District's Curriculum Selection Committee, comprised of teacher representatives, narrow the potential selections, followed by review and recommendation from all teaching staff. All textbooks are adopted from the most recent state-approved list. All textbooks are consistent with the content and cycles of the curriculum frameworks, adopted by the SBE. Every student has access to their own textbooks and instructional materials.

On September 11, 2023, the Central Union School District Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students, including English Learners, in the District. The Board of Trustees adopted Resolution #O-09-11-2023 which certifies, as required by Education Code section 60119, that (1) each pupil has a textbook or instructional materials, or both, to use in class and to take home, (2) sufficient textbooks and instructional materials were provided to each student, including English Learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum.

School Facility Conditions and Planned Improvements

School Facilities

Akers School provides a safe, clean environment for learning through proper facilities maintenance and campus supervision. Ongoing maintenance ensures school facilities are kept safe and in good working condition and continue to provide adequate space for students and staff.

Campus Maintenance Site custodial staff and the District's maintenance department work together to ensure playgrounds, classrooms, and campus grounds are well-maintained and kept very clean, safe and functioning for students, staff, visitors and community organizations that frequently use the campus facilities. One full-time day custodian and a team of evening custodians are assigned to Akers School and work closely with the principal for routine maintenance, daily custodial duties, and special events. The principal and day custodian communicate daily regarding school facilities and maintenance issues.

The custodian inspects facilities every day for safety hazards or other conditions that need attention prior to students and staff entering school grounds. During the school day, all staff members survey grounds as a part of their daily routines to keep facilities safe and secure. The custodian performs routine room-by-room inspections to identify conditions that require correction. Any graffiti or signs of vandalism are removed prior to students

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	48	45	40	40	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

At Akers School, parents are encouraged to become active members of the school's learning community and assist in its goal to develop independent lifelong learners. Parents are encouraged to participate in Leadership opportunities such as School Site Council, English Learner Advisory Council, District Advisory Council, District English Learner Advisory Council, and Parent Club. In addition there are several avenues for parents to provide site input. These include, but are not limited too, volunteering, school climate surveys, community collaboration opportunities, military connected partnerships, and parent education nights.

Additional parental involvement information can be found in the parent involvement plan listed on the Akers school website.

2023-24 School Safety Plan

The Comprehensive School Site Safety Plan was developed for Central School in collaboration with local agencies and District administration to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and department from school, sexual harassment policy, dress code policy, and bully prevention policy. The most current school site safety plan was reviewed, updated, and shared with school staff in August, 2023 at staff, instructional aides and plant meetings. Components of the safety plan are regularly reviewed at weekly plant meetings, instructional aide meetings, faculty meetings, and School Site Council meetings. An updated copy of the school site safety plan is available to the public at the Central Union School District office and the school site. In addition, exercises or drills (i.e. monthly fire drills, lockdown/intruder on campus drills, earthquake drills, medical lockdown, missing child protocols, etc.) are also reviewed and held during the school year.

Fiscal Year 2022-23 Types of Services Funded

The Central Union School District Student Conduct Code, which is sent home with each student at the beginning of the school year, outlines expected student behavior and the consequences for inappropriate behavior. Akers School's code of conduct and school rules are in alignment with District policies and outlined in the student handbook. During the first week of school, behavior expectations and discipline policies are verbally shared with students at schoolwide assemblies. Teachers review individual classroom rules and expectations with students during the first few days of school. Throughout the year, school rules and policies are communicated as necessary on the school's website, in the school's monthly newsletter, and in personal emails to parents/guardians of students. The Student Conduct Code and student handbook are available on the District's website.

Peer mediators, Ambassadors for New Students, Safe School personnel, the sheriff, and school psychologist work in close collaboration with teaching staff and parents as an early intervention strategy in minimizing poor behavior patterns. A Districtwide Safe School campaign encourages students to notify school or District personnel of any instances of bullying, harassment, discrimination, vandalism, drug abuse, and other destructive behaviors. Students and parents may submit anonymous letters/ notifications through the District's home page at www.central.k12.ca.us.

Professional Development

Central Union School District combines efforts to provide training and curriculum development based on the California Standards which are aligned to the content of the curriculum frameworks for grades transitional kindergarten through eight. Teachers within the District align classroom curriculum to ensure that all students either meet or exceed state proficiency levels.

CUSD Vision focuses on “empowering every student to excel to their highest potential.” We seek “to be an exemplary learning community,” as stated in our mission. With this in mind, the District’s Professional Development Plan continues to focus on the Professional Learning Communities (PLC). Grade Level Teams have worked to identify Essential Standards Districtwide to ensure that all students are achieving.

The Multi-Tiered System of Support (MTSS) framework is leveraged to focus on the academic, social-Emotional and behavioral needs of students. District counselors and psychologists continue to provide certificated staff with Best Practices for Building Relationships including strategies to address any barriers. Incorporating social emotional learning (SEL) strategies from Dr. Hood, Professional Development (PD) provided during the 2021-2022 school year.

Central Union School District Professional Learning focused on literacy and developing skilled readers.

Dr. Nancy Akhavan and her team provided various PD opportunities for all teachers, and all administrators.

The PD focused on improving literacy achievement for all students. Instructional strategies supporting a comprehensive reading program leveraging Scarborough’s Reading Rope and the LIT Six: Phonemic Awareness and Word Work, Writing, Language, Read Aloud, Shared Reading, Small group instruction and independent reading, with oral language development at the center of all these six areas. Teachers worked on the Lit Six and literacy. Elementary focused on Phonemic Awareness, Phonics and Small Group Instruction for Differentiation to ensure students grow in reading ability. Middle school worked on effective literacy strategies in ELA and adding literacy strategies to content area work. Math teachers worked on aligning math teaching to focused lessons where students worked on mathematical practices.

Each grade span K-2, 3-5 and 6-8, received tailored PD in teaching to the standards, while differentiating instruction. PD with admin discussed schedules and calibrated expectations.

District-Wide: every site conducted academic classroom walkthroughs, and committed to “look fors” supporting ongoing continuous improvement.

K-2, 3-5, and special education teachers learned about and implemented Lit Six pedagogy in relation to Scarborough’s Reading Rope, using McGraw-Hill Wonders, Board adopted curriculum.

Teachers in grades 6-8 Math reviewed Math strategies, how to teach project based learning in mathematics.

Professional Development

During the non-student day, the AM session focused on Data Driven PLC work using the DuFours rubric to help teachers provide student support based on data, while the PM session focused on Taking Thinking Maps to enhance writing skills. K-2 teachers committed to Coaching Support in data driven small group instruction.

English Language Development

A KCOE Consultant provided onsite ELD coaching and training. Professional Learning was differentiated based on need and focused on both Designated and Integrated ELD.

Reading Mastery (K-2)

Instructional Aides and Classroom Teachers were provided training in implementation of the Reading Mastery program. This professional learning focused on the design, delivery, and documentation of student progress and mastery within Reading Mastery. Participants actively engage in practicing sounds, signals, and scripts.

New Teachers

New Teachers participated in a New Teacher Kick Off professional development days. The days included clarity about key initiatives in the District, Multi-Tiered Systems of Support (MTSS) and Professional Learning Communities (PLC). The Cycle of Continuous Improvement (CCI) was provided. Teachers received professional learning on curriculum and Assessments, Overviews of Thinking Maps and Step Up to Writing. Technology professional learning included Instructional Apps, PowerSchool, Illuminate, and more. The days wrapped up with training on Special Education processes and Number Talks.

iReady

Central Union School District utilizes iReady as the district-wide diagnostic tool to measure growth in English Language Arts and Mathematics. iReady is administered three times during the course of the school year in grades kindergarten through eighth grade. During the 2022-2023 school year, 4 diagnostic windows were held. All teachers received two sessions of professional learning with an iReady trainer.

Student data is reviewed at the district level with community stakeholders as well as with site leadership. In turn, site leaders lead discussions at their schools with grade level teams to ensure students are receiving small group intervention and embedded time to work on their individual iReady paths during the school day.

Newly credentialed and/or beginning teachers receive training on assessment, individualized support, integration of instructional technology, and advanced content from the California Teacher Induction Program which is the preferred pathway to a California Professional (Clear) Teaching Credential. The Teacher Induction Program is co-administered by the California Department of Education (CDE) and the California Commission on Teacher Credentialing (CCTC). The Teacher Induction Task Force and State Leadership Team provide support and technical assistance to local Teacher Induction Program leaders. The Teacher Induction program provides standards-based, individualized advice and assistance that combines the application of theory learned in the preliminary teacher preparation program with mentor-based support and formative assessment feedback.

As we plan for the future of our District, continuing to build our capacity in the PLC Process so we can ensure all students “excel to their highest potential” and a comprehensive MTSS for academics, social-emotional and behavioral will continue to be a primary focus.

Sites also differentiate for staff based on the needs of their site, providing training through Staff Meetings, Instructional Aides Meetings and additional site professional development including such topics as:

- Math Model & Coaching
- English Language Development
- Collaboration
- Reading Mastery Training
- Writing Across the Curriculum
- Academic Walks
- Tech Talks

Site-based professional development activities are identified by the school leadership team based upon analysis of student performance data and parent survey results. Akers School’s certificated staff attend workshops and training events provided by the District, other school districts, county offices of education, and professional organizations. Subsequently, during weekly

Professional Development

grade level collaboration time and common prep periods, teachers share knowledge and strategies acquired from district-sponsored workshops and external resources. Teaching staff emphasized training and collaboration on the following:

- Amplify Training (Science Curriculum)
- Classroom Discipline Training
- ExCEL (Explicit Direct Instruction)
- Next Generation Science Standards (NGSS)
